1. The amendment filed on 2/15/05 has been received and entered in the case.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 4-8, 14-16, 19 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Baskett.

See paragraph four of the previous office action for the details of this rejection.

4. Claims 17, 18, 28, 29, 33, 35 and 37 are rejected under 35 U.S.C. 103(a) as being unpatentable over Baskett in view of applicant's admitted prior art.

See paragraph six of the previous office action for the details of this rejection.

5. Claims 20, 21, 38 and 39 are rejected under 35 U.S.C. 103(a) as being unpatentable over Baskett.

See paragraph seven of the previous office action for the details of this rejection.

Art Unit: 2816

6. Applicant's arguments filed on 2/15/05 have been fully considered but they are not persuasive.

Applicant's sole argument is that the claims are all allowable because Baskett teaches a "normal" amount of current flowing through cascode amplifiers 12 and 14. This argument is not persuasive because it is incorrect, i.e., the reference discloses a "nominal" amount of current flowing through these cascode transistors (the word "nominal" means very small, and the present claims have been amended to recite 10 to 100 times smaller than the third current, thus the amended claims are still fully anticipated by and/or obvious in view of Baskett).

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2816

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
